

# Saugus High School Cheer Squad Sponsorship Program

The tradition of Saugus High School Cheer has been built through the hard work and dedication of our cheerleaders, as well as the support and encouragement from friends, families and members of the community. Our cheerleaders will spend many hours preparing for the up and coming year. We believe that the hard work and effort that our girls put forth, not only helps prepare them for the rigorous athleticism of cheerleading, but also they gain experience in leadership, civic participation, health, and community responsibility.

Although each cheerleader pays a fee to participate, these fees alone are not enough to support all the costs associated with running our volunteer and non-profit organization. Saugus Cheer relies on the generous support of community businesses and families.

As an individual, family or local business involved with Saugus Cheer, you will benefit by being recognized for your goodwill and support of our organization. Your contribution will not only help Saugus Cheer, but it will also provide your business with added visibility with families throughout the Santa Clarita Valley.

We look forward to the prospect of your family or business becoming a part of our Saugus Cheer family. In exchange for your support, Saugus Cheer offers the following benefits:
